

# ***Cessna Aircraft Company Raytheon Missile Systems AIAA Foundation***

The 2010 Cessna/Raytheon Missile Systems Design/Build/Fly Competition Flyoff was held at Cessna Field in Wichita, KS on the weekend of April 16-18, 2010. This was the 14<sup>th</sup> year the competition was held, and participation continued to increase from past years. A total of 69 teams submitted written reports to be judged. 65 teams attended the flyoff all of which completed the technical inspection and 62 teams made at least one flight attempt. More than 600 students, faculty, and guests were present. Good weather allowed for non-stop flights each day with a total of 179 flights during the weekend. 46 Teams were able to obtain a successful scoring flight. Overall, the teams were better prepared for the competition than ever before, which was reflected in the number and quality of the written reports, teams attending the flyoff, completing tech and flying the missions. A historical perspective of participation is shown below.

The primary design objective for this year was to accommodate random payloads of mixed size softballs and bats. A delivery flight was first required, where the airplane was flown with no payload. As usual, the total score is the product of the flight score and written report score. More details on the mission requirements can be found at the competition website: <http://www.ae.uiuc.edu/aiaadbf>

First Place was Oklahoma State University Team Orange, Second Place was Oklahoma State University Team Black and Third Place was Purdue University B'Euler Up. The top three teams had a very close competition. Oklahoma State University (OSU) Orange was ahead after all three teams completed the third mission. They then re-flew Mission 2 and dropped their ball loading time from 16 seconds down to 12 seconds to stretch their lead. Purdue and OSU Black then retried their mission 2 but unfortunately both had problems. A full listing of the results is included below

We owe our thanks for the success of the DBF competition to the efforts of many volunteers from Cessna Aircraft, Raytheon Missile Systems, and the AIAA sponsoring technical committees: Applied Aerodynamics, Aircraft Design, Flight Test, and Design Engineering. These volunteers collectively set the rules for the contest, publicize the event, gather entries, judge the written reports, and organize the flyoff. Thanks also go to the Corporate Sponsors: Raytheon Missile Systems and Cessna Aircraft Company, and also to the AIAA Foundation for their financial support. Special thanks go to Cessna Aircraft for hosting the flyoff this year.

Finally, this event would not be nearly as successful without the hard work and enthusiasm from all the students and advisors. If it weren't for you, we wouldn't keep doing it.

David Levy and Tom Zickuhr  
For the DBF Governing Committee

AIAA Design/Build/Fly Contest Statistics

## AIAA 2009/2010 Design/Build/Fly Contest Preliminary Results

Place	University	Entry Name	Report Score	W_Team Maximum Weight	Mission 1 Score	Mission 2 Score	Mission 3 Score	Total Flight Score	Final Score
1	Oklahoma State University	OSU Orange	96.00	7.7	34.0	94.8	88.1	216.9	20818
2	Oklahoma State University	OSU Black	93.50	7.8	30.6	74.9	92.2	197.6	18480
